Maddie vs Billie

Maddie Ziegler in

Billie Eilish in
Gucci

At the 94th Annual Academy Awards at Dolby Theatre on March 27th, 2022 in Hollywood, California, two of Hollywood's most beautiful young women rocked dramatic, black ball gowns. The looks are similar, but overall Ziegler wore it best. Her look is giving a classic, old Hollywood feel. It can be seen as an elevated version of Billie's full ruffled look. Maddie looks age appropriate, timeless, but also sexy. This look is perfect for her because she is stepping into her own and growing up as a beautiful young woman. Her pulled back hair, and her simple, yet show stopping silver jewelry, completes the look fabulously. Eilish's full ruffled look has virtually no shape and is honestly, just too much. Billie has been very vocal about mocking her outfit haters on social media, but Billie we love you... just Maddie did it better!
